HEALTH CLUB

Artistic impression

The health club is where you rewrite your fitness story. With top-notch amenities and a serene ambiance, it's the canvas for sculpting a healthier, happier you.

21

CELEBRATE UNDER THE STARS.

TERRACE PARTY AREA

Artistic impression

Under the stars, amidst laughter and clinking glasses, the terrace party area is where every day is a celebration.

22

SIP, SAVOUR, AND CELEBRATE!

FUNCTION HALL

Artistic impression

Whether it's a birthday bash, a dinner, or a game night, this area is the heartbeat of social life in the community. It's a stage for the extraordinary moments that make community living unique.

23

GAMES AND GIGGLES.

Kids' Play Area

Artistic impression

The kids' play area is a magical wonderland, where laughter fills the air and imagination knows no bounds.

24

PLAY, LEARN, AND GROW TOGETHER

A vibrant hub where little minds explore, friendships bloom, and laughter fills the air. It's the heart of the community, nurturing growth, and making lasting memories for the little residents.

25

STARS & SCREENS

SKY CINEMA

Artistic impression

Indulge in the perfect balance of entertainment and tranquility at the rooftop sky cinema.

It's where you can watch movies, practice mindfulness, and enjoy the benefits of wellness, all in one.

26

STAY IN. GAME ON.

INDOOR GAMES ROOM

Artistic impression

Discover the heart of recreation in the indoor games room. A place where old friendships grow stronger and new ones are forged. Get ready to level up your leisure time.

27

AIR

The quality of indoor air is a crucial factor for good health, given that we spend about 90% of our time inside. Ensuring a continuous flow of fresh air throughout each apartment will contribute to the residents' well-being.

MOVEMENT

By granting immediate access to vast open spaces and being situated within a highly walkable community, residents can enjoy the physical and mental health benefits of increased physical activity.

WATER

Despite Kerala's abundance of water resources, including groundwater, river water, and substantial annual rainfall (averaging 3.5 meters over 8 months), studies suggest a future risk of water scarcity. This paradox involves being surrounded by water yet lacking access to safe drinking water. As a solution, wellness homes are intricately crafted with comprehensive water management systems, covering water collection, storage, treatment, distribution, measurement, treatment of used water, and the recycling of treated water.

MIND

SFS Whispering Hills provides residents with access to nature, opportunities to connect with the community, and a tranquil place to rest and rejuvenate. These elements combine to create an environment where residents can live up to their fullest potential, effectively manage daily stresses, work productively, and experience a sense of belonging. The exceptional location, with amenities of Whispering Hills play a crucial role in achieving the desired balance of mind and body.

THERMAL COMFORT

Creating an environment that promotes thermal comfort starts with excellent design. Many apartments offer dual aspects, allowing residents to benefit from natural cooling through breezes and optimal sunlight according to the seasons. Deeper balconies, sunshades and performance glass windows provide additional protection against extreme temperatures, that allow occupants to maintain a comfortable living environment.

THE SFS WELLNESS PROJECT BENCHMARKS

COMMUNITY

SFS Whispering Hills brings together a vibrant and diverse group of individuals. The open spaces and recreation centre foster stronger connections between residents and visitors. SFS Whispering Hills offers an enjoyable gathering place, facilitating the formation of friendships among neighbours and fostering a sense of belonging.

NOURISHMENT

In a world where convenience often takes precedence over nutrition, easy access to fresh produce is crucial for making healthy food choices. Thoughtfully designed kitchens cater to this need. With an abundance of fresh produce available nearby, residents can easily make the healthiest choices.

SOUND

To mitigate external noise, performance windows are utilized, careful consideration is given to the placement of bathrooms, bedrooms, and living rooms during the design process to enhance comfort and convenience.

INNOVATIONS

As pioneers of wellness homes in Kerala, SFS Homes are venturing into new dimensions of sustainability, taking into account the impact of the built environment on physical, mental, and community health.

LIGHT

To cultivate an environment that aligns with the natural circadian rhythm, enhances sleep quality, and positively affects mood and productivity, careful consideration has been put into amplifying natural sunlight and designing artificial lighting. Each apartment is designed to maximise access to natural light, combined with well placed electrical light points to give better experience from dawn to dusk.

MATERIAL

Our dedication to selecting safe materials begins with meticulous site preparation and extends throughout the construction process. Rigorous procurement processes and quality control checks ensure that both interior and exterior materials meet high standards. That's what sets SFS Homes apart.

7 DIMENSIONS OF WELLNESS

Wellness gives opportunities to explore and develop yourself, focusing on seven dimensions ultimately fostering wellness communities. Each dimension affects the others. Furthermore, the process of achieving wellness is constant and dynamic, involving change and growth. Ignoring any dimension of wellness can have harmful effects on one's life.

PHYSICAL WELLNESS

Your physical wellness includes not just your body's overall condition and the absence of disease but also your fitness level and your ability to care for yourself. The higher your fitness level, the higher your level of physical wellness will be.

Similarly, as you take better care of your own physical needs, you ensure greater physical wellness. To achieve optimum physical wellness, you need to make choices that help you avoid illness and injuries. The decisions you make now and the habits you develop over a lifetime will largely determine the length and quality of your life.

EMOTIONAL WELLNESS

Your emotional wellness reflects your ability to understand and deal with your feelings. Emotional wellness involves attending to your own thoughts and feelings, monitoring your reactions, and identifying obstacles to emotional stability.

INTELLECTUAL WELLNESS

Those who enjoy intellectual wellness continually challenge their minds. An active mind is essential to wellness because it detects problems and finds solutions. People who enjoy intellectual wellness never stop learning. They seek out and relish new experiences and challenges.

INTERPERSONAL WELLNESS

Satisfying and supportive relationships are important to physical and emotional wellness. Learning good communication skills, developing the capacity for intimacy, and cultivating a supportive network are all important to interpersonal (or social) wellness. Social wellness requires participating in and contributing to your community and society.

CULTURAL WELLNESS

Cultural wellness refers to the way you interact with others who are different from you in terms of ethnicity, religion, gender, sexual orientation, age, and customs (practices). It involves creating relationships with others and suspending judgment on others' behavior until you have lived with them or "walked in their shoes." It also includes accepting, valuing, and even celebrating the different cultural ways people interact in the world. The extent to which you maintain and value cultural identities is one measure of cultural wellness.

SPIRITUAL WELLNESS

To enjoy spiritual wellness is to possess a set of guiding beliefs, principles or values that give meaning and purpose to your life, especially in difficult times. A person who attains wellness uses spirituality to focus on the positive aspects of life and to fend off negative feelings such as cynicism, anger, and pessimism. Organized religions help many people develop spiritual health. Religion, however, is not the only source or form of spiritual wellness. Many people find meaning and purpose in their lives on their own — through nature, art, meditation, or good works — or with their loved ones.

ENVIRONMENTAL WELLNESS

Your environmental wellness is defined by the livability of your surroundings. Personal health depends on the health of the planet, from the safety of the food supply to the degree of violence in society. To improve your environmental wellness, you can learn about and protect yourself against hazards in your surroundings and work to make your world a cleaner and safer place.

FASTER. STRONGER. HIGHER

Awards, Accreditations & Milestones

Disclaimer:

- Whilst every reasonable care has been taken in preparing this brochure, the Builder/Promoter & its agents cannot be held responsible for any inaccuracies. All statements are believed to be correct but are not to be regarded as statements of representation of facts. All information & specifications are current at the time of going to the press and are subject to change as may be required & cannot form part of an offer or contract. All plans are subject to any amendments approved or may be approved by relevant authorities. All plans shown in this brochure are not to scale. Floor areas are approximate measurements & subject to final survey.
- The brand, colour and model of all materials, fittings, equipment, finishes & installations shown shall be provided subject to builder/promoter's selection, market and availability and the sole discretion of the builder/promoter. Every effort has been made to ensure the accuracy of the information in this brochure and Builder/Promoter will take all reasonable action to deliver these in accordance with the descriptions set out in it. However Builder/Promoter reserves the right to vary these, using all reasonable efforts to offer a suitable alternative. All measurements, perspectives and material specifications stated in this brochure are subject to minor changes and should be taken as a guide only. All photographs, floor plans and perspectives used in this brochure are exclusive materials of Builder/Promoter and copying/reproducing it in any format without express written permission is prohibited.
- This document is conceptual and not a legal offering by the company for advertising and is to be used for general information only. Any interested party should verify all the information including designs, plans specifications, facilities, features, payment schedules, terms of sales etc. independently with the company prior to concluding any decision for buying in any project. This user of the brochure confirms that she/he has not solely relied on this information for making any booking /purchase in any project of the company. All art rendering & illustrations contained in this brochure are artist's impressions only & photographs are only deco suggestions & none can be regarded as representation of fact. The visuals and information contained herein marked as "artistic impression" are artistic impressions being indicative in nature and are for general information purpose only. The visuals contained marked as "artistic perspective" and other visuals/image/photographs are general images and do not have any co relation with the project. The imagery used on the brochure may not represent actuals or may be indicative of style only. Photographs of interiors, surrounding views and location may not represent actuals or may have been digitally enhanced or altered. These photographs may not represent actuals or may be indicative only. Computer generated images, walkthroughs and render images are artist's impressions and are an indicative of the actual design. No information given on this brochure creates a warranty or expand the scope of any warranty that cannot be disclaimed under the applicable laws. The information on this brochure is presented as general information and no representation or warranty is expressly or impliedly given as to its accuracy. While enough care is taken by the company to ensure that information in the brochure are up to date, accurate and correct, the readers/users are requested to make an independent enquiry with the company before relying upon the same. Nothing in the brochure should be misconstrued as advertising, marketing, booking, selling or an offer for sale or invitation to purchase a unit in any project by the company. The company is not responsible for the consequences of any action taken by the viewer relying on such material/information in this brochure without independently verifying with the company.
- The interior views depicted in the brochure are presented with furnishings, both soft and hard, fixtures, lighting fixtures, wall finishes, cladding, renders, surface treatments, and wall art. It's important to note that these elements are not included in the standard offering. Buyers are required to reference the specifications and standard offering outlined in the sales agreement.
- The trees, plants, and shrubs shown in representative pictures and computer-generated images are depicted in a fully grown condition for artistic impression purposes. However, the final design, species, height, and size will be determined by the promoter. These will be delivered to the owners' association as small-sized nursery-grown saplings, not as fully grown plants/trees/shrubs etc
- Prospective buyers should note that, in accordance with the guidelines of Kerala Building Rules, no structural alterations are permitted in the patio, garden terrace, or balcony areas of the allotted property. It is important to understand that the building's elevation and exterior facade, as depicted in the SFS Whispering Hills brochure, define the theme and character of the complex. As a buyer, you are expected to refrain from making any modifications to these areas or deviating from the approved facade, elevation, and drawings authorized by the competent authorities. Any alterations such as enclosing balconies or covering terrace gardens would infringe upon the collective rights enjoyed by other allottees within SFS Whispering Hills. Please be aware that only approved alterations, like the installation of sun cutters, rain cutters, bug mesh, bird mesh, and child safety accessories, are allowed. These alterations must conform to the approved design, pattern, colour, and model, which can be observed in the sample apartment. If buyers choose to use the promoter's services for such alterations, they will be treated as optional and incurred at an extra cost. This information is provided to ensure that prospective buyers are fully informed about the limitations and possibilities within SFS Whispering Hills.
